ABOUT TUV ARABIA

ENGINEERING ASSURANCE BUILT ON TRUST

WHO WE ARE

TUV Arabia is a leading independent third-party inspection, testing, calibration, and certification organization dedicated to ensuring quality, safety, and compliance across industries.

Established in 2017, TUV Arabia has expanded its operations across the UK, Qatar, and India, with further expansion into Saudi Arabia in 2025.

With a team of qualified experts and advanced inspection methodologies, we help organizations reduce risks, improve operational efficiency, and achieve compliance with international regulations and industry standards.

Our commitment to technical accuracy and professional excellence has made us a trusted partner for organizations seeking reliable assurance solutions across manufacturing, oil & gas, construction, energy, transportation, and industrial sectors.

OUR MISSION

To provide reliable inspection, testing, calibration, and certification services that empower organizations to build trust, improve efficiency, and achieve compliance.

OUR VISION

To become a globally recognized assurance partner delivering trusted engineering solutions through integrity, expertise, and technical excellence.

TUV Arabia
TRUE UNION VALUE ARABIA

OUR SERVICES

COMPREHENSIVE INDUSTRIAL ASSURANCE SOLUTIONS

TUV Arabia provides specialized inspection, testing, and safety solutions designed to ensure asset reliability, workplace safety, and regulatory compliance.

INDUSTRIAL INSPECTION SERVICES

01 INSPECTION OF LIFTING EQUIPMENT

Ensuring lifting equipment meets safety requirements through detailed inspection and assessment.

- Mobile & Crawler Cranes
- Tower Cranes
- Overhead & Gantry Cranes
- Jib Cranes Lorry Loaders
- Hoists
- Mobile Elevating Works Platform
- Cradle
- Building Maintenance Unit.

02 INSPECTION OF LIFTING GEAR

Verification of fitting accessories and equipment for safe operational performance.

- Lifting Accessories
- Wire Rope Slings
- Webbing Slings
- Chain Slings
- Shackles
- Hooks Lifting Beams

03 INSPECTION OF HEAVY EQUIPMENT

Assessing heavy machinery reliability, safety, and operational condition.

- Forklifts
- Telehandlers MEWPS (Scissor & Boom)
- Wheel Loaders
- Earthmoving Equipment
- Pallet Stackers

04 INSPECTION OF BOILER & PRESSUREVESSELS

Inspection and assessment of critical pressure systems to ensure safe operation.

05 INSPECTION OF ELEVATOR & ESCALATORS

Safety inspection and performance verification of vertical transportation systems.

06 INSPECTION OF AIR COMPRESSOR & AIR RECEIVERS

Evaluating pressure equipment performance and compliance.

07 INSPECTION OF THERMOGRAPHY & EARTHING

Thermal analysis and electrical safety verification for industrial systems.

TUV Arabia
TRUE UNION VALUE ARABIA

OCCUPATIONAL HEALTH & SAFETY TRAINING

Competency-based safety training programs designed to strengthen workforce skills, improve safety awareness and ensure regulatory compliance across critical industrial operations.

TRAINING PROGRAMS

LIFTING & RIGGING SAFETY

- Banksman / Slinger
- Lifting Supervisor
- Crane Safety Lifting Equipment Awareness

WORK AT HEIGHT

- Working at Height
- Fall Protection Harness Safety
- Scaffold Safety

EQUIPMENT & OPERATOR ASSESSMENT SAFETY TRAINING

Supporting safe equipment operation through competency evaluation.

- Forklift Safety
- MEWP Safety
- Telehandler Safety
- Pallet Stacker Safety

SPECIALIZED SAFETY TRAINING

- Confined Space Entry
- Fire Safety
- Gas Testing & Monitoring
- Chemical Safety
- Manual Handling

GENERAL HSE

- Basic HSE
- Emergency Response
- Risk Assessment
- Electrical Safety

OTHER SERVICES

NON-DESTRUCTIVE TESTING (NDT)	Advanced testing methods to evaluate material integrity without causing damage.
SCAFFOLDING INSPECTION	Ensuring scaffold structures meet safety requirements.
LIGHTNING PROTECTION SYSTEM	Assessment and verification of protection systems.
PROJECT SUPPORT SERVICES	Providing technical assistance throughout industrial projects.

CALIBRATION SERVICES

PRECISION MEASUREMENT FOR RELIABLE PERFORMANCE

TUV Arabia provides accurate calibration solutions to ensure measurement reliability, equipment performance, and compliance with industry requirements.

CALIBRATION SOLUTIONS

01

MASS CALIBRATION

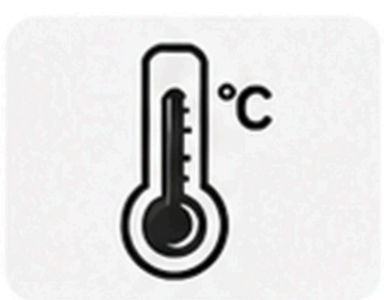

Ensuring accuracy of weighing instruments and measurement systems through precise verification procedures.

02

PRESSURE CALIBRATION

Maintaining reliability of pressure measuring devices through accurate testing and calibration.

03

TEMPERATURE CALIBRATION

Verifying temperature measurement equipment for consistent and dependable performance.

04

DIMENSIONAL CALIBRATION

- Vernier Calipers
- Micrometers
- Measuring Tapes
- Dial Gauges
- Height Gauges
- Depth Gauges

PRECISION | ACCURACY | TRACEABILITY

TUV Arabia
TRUE UNION VALUE ARABIA

INDUSTRIES WE SERVE

SUPPORTING CRITICAL INDUSTRIES WITH ENGINEERING ASSURANCE

TUV Arabia supports organizations across critical industries by delivering reliable inspection, testing, calibration, Safety Training and compliance solutions.

INDUSTRIAL SECTORS

01 OIL & GAS
Supporting energy industries with reliable inspection and assurance solutions for critical assets and facilities.

02 EPC PROJECTS
Providing quality verification and technical support throughout project execution.

03 MANUFACTURING
Supporting quality assurance, equipment reliability, measurement accuracy through calibration, and workplace safety across production facilities.

04 POWER & ENERGY
Technical services supporting safe, reliable and efficient operation of power generation, transmission and renewable energy infrastructure.

05 CONSTRUCTION & INFRASTRUCTURE
Technical assurance for construction equipment, lifting operations, scaffolding, structural inspections and large-scale infrastructure projects.

06 MARINE & INDUSTRIAL
Inspection, testing, calibration and training for marine vessels, port equipment, offshore installations and heavy industrial applications.

07 TRANSPORTATION & LOGISTICS
Equipment inspection, safety training and compliance verification for fleet operations, warehousing, material handling and logistics infrastructure.
